Form reviewed by: Rosario Martinez, MA **Date:** 05/06/2017

Did you bring your record card with you? No

It is important for you to have a personal record of your vaccinations. If you don't have a personal record, ask your healthcare provider to give you one. Keep this record in a safe place and bring it with you every time you seek medical care. Make sure your healthcare provider records all your vaccinations on it.
